

mtk::RobinBCDescriptor1D
::PushBackWestCoeff

main

```
graph RL; main[main] --> mtk[mtk::RobinBCDescriptor1D::PushBackWestCoeff];
```

The diagram illustrates a function call. A box on the right labeled 'main' has a blue arrow pointing to a larger box on the left. The left box contains the text 'mtk::RobinBCDescriptor1D' on the top line and '::PushBackWestCoeff' on the bottom line. The left box has a light gray background and a black border, while the 'main' box is white with a black border.
